3. Gear Up:

Once all the paperwork is done, you are guided towards the Bridge. After you enter the bridge our experienced staff fits all the safety harnesses and the necessary equipment. They triple-check everything to ensure maximum protection. Check yourself to ensure everything is secure and comfortable for your jump. This experience can also be enjoyed with a partner, so you can choose as per your preferences.

4. Pre-Jump Preparation:

We conduct one final instruction session before you jump. Ask any question that you might have and get mentally prepared for the experience.

5. The Jump:

Now, it's time for the much-awaited moment. It's an extremely adrenaline-rushing sport, so it's obvious to be scared and hesitant. Listen to your jump instructor's voice, follow his guidance, take a deep breath, and just go for it!

When you choose the Jump, be ready to experience the thrill of jumping off from an 83-meter bungee height and enjoy the pendulum-like swing following your jump after an initial free fall. The initial 3 seconds are scary, but after that, it becomes a magical experience you have never witnessed before.

6. Hike and Celebrate:

After the Giant Swing, jumpers are lowered down to a drop zone in the river which has only 2 ft of water. Walk back up to the cafeteria area and claim your 'Dare to Jump' Certificate.

7. Departure:

Bid farewell to the Giant Swing team and fellow adventurers. Come back soon for your next thrilling adventure.
